Announcement Type: New Cooperative Agreement

Funding Opportunity Number: ECA-ECAAE-18-014

Catalog of Federal Domestic Assistance Number: 19.009

Key Date/Application Deadline: March 12, 2018

Program Description/Executive Summary: The Study of the U. S. Branch (ECA/A/E/USS), Office of Academic Exchange Programs, Bureau of Educational and Cultural Affairs (ECA), invites proposal submissions from accredited U.S. post-secondary education institutions (community colleges, liberal arts colleges, public and private universities); U.S. public and private non-profit organizations; or consortia of organizations meeting the provisions described in Internal Revenue Code section 26 USC 501(c)(3) (see section C. Eligibility Information) for the design and implementation of twelve (12) Young Southeast Asian Leaders Initiative (YSEALI) Academic Fellowship Institutes. The Institutes should take place in the fall of 2018 and spring of 2019, pending the availability of FY 2018 funds. The YSEALI Academic Fellowship will provide up to approximately 250 undergraduate and recent graduates from throughout Southeast Asia with a foundation in one of three themes: Civic Engagement, Environmental Issues and Natural Resource Management, and Social Entrepreneurship and Economic Development. More information on the themes can be found in A.2. Institute Themes. It is ECA's intent to award up to three Cooperative Agreements for the administration of up to twelve FY 2018 YSEALI Academic Fellowship Institutes. See details in section A.3. Program Administration.

The YSEALI Academic Fellowship Program will be comprised of 12 Institutes, under the three themes mentioned above. Each academic Institute will be five weeks in duration, which will include an approximately four-week academic residency at a U.S. college or university, and an approximately one-week integrated educational study tour. Institutes should be organized for a group of up to 22 participants. The academic residency on a U.S. university or college campus should also include community service activities, leadership development sessions, site visits, and opportunities for interaction with American peers. The study tour should take place in a different region of the United States and should complement the academic residency. All programs will conclude in Washington, D.C. with a stay of up to four days, including culminating in one-day closing events (one in fall and one in spring), to bring together Fellows in the concurrent Institutes by theme. See details in A.4. Participants

Award recipients will be responsible for planning and implementing the programs including the oversight and coordination of between four to six Institutes under a single theme (Civic Engagement; Environmental Issues and Natural Resource Management; or Social Entrepreneurship and Economic Development) and the oversight and management of performance of all subaward recipients under the award. Applicants may submit only one proposal under this competition. If multiple proposals are received from the same applicant, all submissions will be declared ineligible and receive no further consideration

in the review process. The awarding of Cooperative Agreements for these programs is contingent upon the availability of FY 2018 funds. The awarding of the non-competitive continuations in FY 2019 and FY 2020 is contingent on the availability of funding and successful performance.

It is ECA's intent to award up to three (3) Cooperative Agreements for the administration of up to twelve FY2018 YSEALI Academic Fellowship Institutes. Applicants can administer the program fully through subawards or may propose to directly implement up to two Institutes and administer subawards for the remaining Institutes. No institution will be allowed to directly implement more than two programs in one fiscal year. Awards would be eligible for one base year plus two non-competitive continuations for an estimated total amount of up to \$5,400,000. Please see section B. Federal Award Information below for additional details. **ECA reserves the right to reduce, revise, or increase proposed budgets, participant numbers, participating countries, and the number of Institutes based on program needs and the availability of U.S. government funding.**

A. Program Description:

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries...; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations...and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through legislation.

A.1. Purpose: The Young Southeast Asian Leaders Initiative (YSEALI) is designed to strengthen leadership development across the Association of Southeast Asian Nations (ASEAN), deepen engagement with young leaders on key regional and global challenges, and strengthen people-to-people ties between the United States and Southeast Asia. YSEALI, which began in 2013, is a broad initiative with a number of components that include education on regional issues, professional skills-building, professional development workshops in the region, online networking, project seed money, and educational exchanges. YSEALI activities focus on four themes: economic development, environment and natural resource management, education, and civic engagement.

The focus of the YSEALI Academic Fellowship is on three of the four YSEALI themes. Targeted at undergraduate students and recent graduates in Southeast Asia, the Institutes include an intensive academic residency, community service activities, leadership

development, and an integrated study tour. The Institutes should provide participants with an in-depth examination of a specific field of study, while also heightening their awareness of the history and evolution of U.S. society, culture, values, and institutions, broadly defined. The Institutes should address the influence of principles and values such as democracy, the rule of law, individual rights, freedom of expression, equality, diversity, and tolerance, and should also incorporate a focus on contemporary American life.

Each Institute should be five weeks in length; participants should spend approximately four weeks at an academic institution and approximately seven days on an integrated educational study tour, including two to four days in Washington, D.C. It is required that the program includes a one-day closing event that will bring together other YSEALI Academic Fellows in the fall and spring from the concurrent YSEALI Academic Fellowship Institutes. Applicants should propose a unifying theme and agenda for all participants. It will consist of speakers from the Department of State, participants' final presentations and a participant debriefing session.

All programs should foster ECA's mission to promote mutual understanding between citizens of other countries and citizens of the United States. Thus, the programs should include robust opportunities for participants to meet Americans from a variety of backgrounds, to interact with their U.S. peers, and to speak to appropriate student and civic groups about their experiences and life in their home countries. **Please see the Project Objectives, Goals, and Implementation (POGI) document for more information.**

A.2. Institute Themes: All Institutes should aim to enhance participants' knowledge of U.S. history, government, institutions, society, and culture. In this context, the Institutes should incorporate a focus on American historical events as well as contemporary American life including current political, social, and economic debates in a pluralistic society.

A) The YSEALI Academic Fellowship on Civic Engagement should provide participants with an overview of how citizens have shaped U.S. history, government, and society both as individuals and groups. The academic program should define civic engagement, examine its development in the United States, and explore topics such as citizenship, community building, economic development, grassroots activism, political leadership, volunteerism, and the use of information and communications technology in advancing civic causes. In order to define the content of the Institute and enhance the academic experience, proposals may choose to focus on one of the following sub-themes: in exploring civic engagement: education, public health, civil rights and protections, and community resilience. To the extent possible, academic sessions should be complemented with hands-on sessions or workshops designed to build skills in the topics mentioned above. The Institute should encourage participants to develop innovative and practical plans to become engaged citizens in their own communities.

B) The YSEALI Academic Fellowship on Environmental Issues and Natural Resource Management should explore the role that environmental policy has played in the economic and political development of the United States. The Institute should use experiential learning techniques to expose participants to current themes in the field, including natural resource management, public health and safety, sustainable development, sustainable agricultural practices, food security, ecotourism, energy generation (new and traditional forms), and water management and treatment. The issues should be explored from numerous angles, including local grassroots activism and civic initiatives, market-oriented approaches, and government policies and regulation. Finally, the Institute should explore environmental issues in the context of a globalized society, and draw comparisons between the United States and the participants' home countries.

C) The YSEALI Academic Fellowship on Social Entrepreneurship and Economic Development should provide participants with an overview of entrepreneurial approaches that are employed to address social issues. The Institute should review the development, history, challenges, and successes of social enterprises and community leaders in the United States and globally. Topics may include, but are not limited to, trade; investment; financial literacy; banking; microfinance; organizational development and management; innovation; emerging markets and risk analysis; strategic business planning; corporate social responsibility; and, women and minorities in entrepreneurship. To the extent possible, academic sessions should be complemented with hands-on sessions or workshops designed to build skills in the topics mentioned above.

A.3. Program Administration: ECA is seeking detailed proposals from accredited post-secondary U.S. higher education institutions (community colleges, liberal arts colleges, public and private universities); consortia of organizations; and other U.S. public and private non-profit organizations with established reputations in a field or discipline related to the specific program theme and meeting the eligibility requirements outlined under section C. below.

ECA intends to issue up to three (3) Cooperative Agreements for the administration and implementation of the program. Applicants should propose to administer four to six Institutes under one of the three themes. The recipient may propose to administer the Institutes through subawards or may propose to implement up to two of the Institutes and administer subawards to host institutions to conduct the remaining Institutes. No institution will be permitted to host more than two programs in one fiscal year. Applicants may only propose to implement Institutes under one theme.

All proposals should demonstrate thematic expertise, as well as any regional expertise, if applicable. Participating countries and regions will be determined by ECA, in coordination with the Public Affairs Sections at U.S. embassies abroad and Regional Bureau.

ECA reserves the right to reduce, revise, or increase proposal budgets, participant numbers, and the number of Institutes based on program needs and the availability of U.S. government funding.

A.4. Participants: Award recipients will not participate in the selection of candidates. U.S. embassies and consulates will take the lead on the recruitment of qualified candidates and ECA will make the final selections.

Participants will be undergraduate students or recent graduates from the ten ASEAN countries in Southeast Asia (Brunei, Burma, Cambodia, Indonesia, Laos, Malaysia, Philippines, Singapore, Thailand, and Vietnam). Applicants should indicate any relevant regional expertise.

Please note: ECA will make the final decisions regarding participating countries and reserves the right to adjust the participating countries, themes, and program dates based upon Department foreign policy priorities and the needs of the program.

Please see the Project Objectives, Goals, and Implementation (POGI) document for more information on participants.

A.5. Program dates: Pending the availability of FY 2018 funds, the anticipated award date for the three Cooperative Agreements will be on or about May 31, 2018. All Institutes should last approximately 36 days (including arrival and departure days). Applicants should propose to implement half of the proposed Institutes to take place in fall 2018 and the other half in spring 2019. Fall Institutes should begin on the same date and no sooner than August 15, 2018, and should conclude no later than November 15, 2018. Spring Institutes should begin on the same date and no sooner than February 15, 2019 and should conclude no later than May 15, 2019.

A.6. Program Guidelines: The award recipient is responsible for the conception, structure, and monitoring of all proposed Institutes. Proposals must provide a detailed and comprehensive narrative describing objectives of the Institute; the title, scope, and content of each session; planned site visits, and how each session relates to the overall Institute theme. Proposals must include syllabi for each program indicating the subject matter for each lecture, panel, discussion, group presentation, or other activity. Syllabi should also confirm or provisionally identify proposed speakers, panelists, and session leaders, and clearly show how assigned readings will advance the goals of each Institute. For the one-day closing event, applicants should propose a unifying theme and agenda for all participants.

Please see section D. Application and Submission Information for application submission requirements. Proposals will be reviewed on the basis of their responsiveness to the six review criteria listed in this NOFO. The accompanying POGI provides program-specific guidelines that all proposals must address fully.

Please note: In a Cooperative Agreement, the Study of the U.S. Branch (ECA/A/E/USS) is substantially involved in program activities above and beyond routine monitoring. The Branch may request that the award recipient make modifications to the academic residency and/or educational travel components of the program. The award recipient will be required to obtain approval of significant program changes in advance of their implementation. These activities and the roles and responsibilities of the Department and the recipient are outlined in the attached POGI.

Proposal narratives should include a brief commitment to implement the program for the base year, plus two additional non-competitive continuations, pending successful performance and the availability of funds. The narrative should focus on details specific to the implementation of the base year program, with the understanding that the program design, duration, and participant numbers would be similar when/if the subsequent two non-competitive continuation years are exercised. ECA will perform an annual performance evaluation to determine if a non-competitive continuation will be exercised. Satisfactory performance and the availability of funds is a condition of continued administration of the program and execution of all non-competitive continuation years.

B. Federal Award Information:

C.) Eligibility Information:

C.1. Eligible applicants: Applications may be submitted by accredited U.S. post-secondary education institutions (community colleges, liberal arts colleges, public and private universities); U.S. public and private non-profit organizations; or consortia of organizations meeting the provisions described in Internal Revenue Code section 26 USC 501(c)(3)

C. 2. Cost Sharing or Matching Funds: There is no minimum or maximum percentage required for this competition. However, ECA encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, you must maintain written records to support all costs which are claimed as your contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with the Office of Management and Budget's Guidance 2 CFR Parts 200 and 600, entitled the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution will be reduced in like proportion.

C. 3. Other Eligibility Requirements:

1. Experience in Conducting International Exchange: ECA grant guidelines require that organizations with less than four years of experience in conducting international exchanges be limited to \$130,000 in ECA funding. ECA anticipates making three awards, in an average amount up to \$1,200,000 per year to support program and administrative costs required to implement these exchange programs. Therefore, organizations with less than four years of experience in conducting international exchanges are ineligible to apply under this competition.

2. Technical Eligibility: All proposals must comply with the following or they will result in your proposal being declared technically ineligible and given no further consideration in the review process. It is ECA's intent to award three (3) Cooperative Agreements to three applicant organizations to administer a total of twelve (12) Institutes under this competition. Applicants may propose to administer four (4) to six (6) Institutes on one

theme. Applicants can administer the program fully through subawards or may propose to directly implement up to two Institutes and administer subawards for the remaining Institutes. No institution will be allowed to directly implement more than two programs in one fiscal year. **ECA reserves the right to reduce, revise, or increase proposal budgets, participant numbers, participating countries, and/or the number of Institutes based on program needs and the availability of U.S. government funding.**

Eligible applicants may not submit more than one proposal in this competition. If more than one proposal is received from the same applicant, all submissions will be declared technically ineligible and will receive no further consideration in the review process.

Please note: Applicant organizations are defined by their legal name, and EIN number as stated on their completed SF-424 and additional supporting documentation outlined in the Proposal Submission Instructions (PSI) document.

Please take into consideration the following information when preparing your proposal narrative:

D.3h. Adherence to All Regulations Governing the J Visa: The Bureau of Educational and Cultural Affairs places critically important emphases on the security and proper administration of the Exchange Visitor (J visa) Programs and adherence by award recipients and sponsors to all regulations governing the J visa. Therefore, proposals should demonstrate the applicant's capacity to meet all requirements governing the

administration of the Exchange Visitor Programs as set forth in 22 CFR 62, including the oversight of Alternate Responsible Officers, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements.

The award recipient will be responsible for issuing and shipping DS-2019 forms to participants in this program. A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at <http://j1visa.state.gov> or from:

Office of Designation, Private Sector Programs Division
U.S. Department of State
SA-4E (Bldg. 3)
2430 E Street, NW
Washington, DC 20037

Please refer to Solicitation Package for further information.

D.3i. Diversity, Freedom and Democracy Guidelines: Pursuant to ECA’s authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of political, social and cultural life in the United States and abroad. ‘Diversity’ should be interpreted in the broadest sense and encompass differences including race, color, national origin, sex, age, religion, geographic location, socio-economic status, disability, sexual orientation or gender identity. Proposals should demonstrate how diversity will enhance the program’s goals and objectives and the participants’ exchange experience. Please refer to the review criteria under the ‘Support of Diversity’ section of this document as well as the DIVERSITY, FREEDOM AND DEMOCRACY section in the “Proposal Submission Instructions” document for specific suggestions on incorporating diversity into the total proposal.

Public Law 104-319 provides that “in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy,” ECA “shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries.” Public Law 106 - 113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

D.3j. Program Monitoring and Evaluation: Proposals must include a plan to monitor and evaluate the project’s success, both as the activities unfold and at the end of the program. ECA recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. ECA expects that the recipient organization will track participants or partners and be able to respond to key evaluation questions, including satisfaction with

the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a description of your project's objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this NOFO.

Your monitoring and evaluation plan should clearly distinguish between program outputs and outcomes. Outputs are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted. Outcomes, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the NOFO (listed here in increasing order of importance):

1. **Participant satisfaction** with the program and exchange experience.
2. **Participant learning**, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. **Participant behavior**, such as concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
4. **Institutional changes**, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

Please note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it 1) specifies intended outcomes; 2) gives clear descriptions of how each outcome will be measured; 3) identifies when particular outcomes will be measured; and 4) provides a

clear description of the data collection strategies for each outcome (i.e., surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Recipient organizations will be required to provide reports analyzing their evaluation findings to ECA in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to ECA upon request.

D.3k. Virtual Exchange Component: ECA welcomes innovative ideas on how organizations can leverage appropriate mobile and/or online technologies to maintain engagement among exchange participants, encourage project collaboration and widen participation in the overall project to a broader audience. ECA strongly encourages organizations submitting proposals in response to this solicitation to suggest one or more virtual exchange components to complement the in-person exchange. The virtual exchange component(s) could come before, during and/or after the physical exchange. The objective for the virtual exchange component(s), defined as technology-enabled, sustainable, people-to-people, cross-cultural exchanges, is to augment the impact of the in-person exchange described in this solicitation. ECA encourages organizations to propose virtual exchange ideas that take advantage of ECA's existing web and social networking platforms, including our [International Exchange Alumni](#) space. Virtual exchange components would be coordinated with and approved by the ECA program office and U.S. missions abroad on a project by project basis.

D.3l. Communications Guidance for ECA Grant Recipients: All ECA Grant Recipients must adhere to the requirements in [ECA's Communications Guidance](#) on the creation of program branding and attribution, websites, social media, and press.

D.3m. Please take the following information into consideration when preparing your budget:

D.3n. Applicants must submit SF-424A – “Budget Information – Non-Construction Programs” along with a comprehensive budget for the entire program. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants must provide separate sub-budgets for each program component, phase, location, or activity to provide clarification.

For competitions that will be renewed through a Non-Competitive Continuation applicants must submit:

1. the SF-424A which must include the budget request amount for the base-year of the program;
2. a detailed proposal narrative and budget for the base year of funding (Please refer to the Proposal Submission Instruction Document (PSI) for general budget

- guidance.). The narrative should also include a brief commitment to implement the program for the base year, plus two additional non-competitive continuation years, pending successful program performance and availability of funds; and
3. an abbreviated/estimated summary budget presenting the total projected administrative and program costs for the anticipated total duration of programming (base year, plus two non-competitive continuation years).

To exercise the Non-Competitive Continuation mechanism the recipient will be required to submit:

1. timely quarterly performance and financial reports;
2. a request in writing to ECA at least 90 days in advance of the expiration of the current program year;
3. a summary budget that projects program expenses through the end of the current year;
4. a detailed budget outlining both administrative and program expenses for the requested non-competitive continuation year; and
5. a brief narrative to support the continuation of the award.

The ECA Grants Officer and Program Officer will:

1. Closely monitor the recipient's performance through site visits, desk audits, mandatory quarterly performance and financial reports, consultations, and other forms of communication and dialogue before exercising additional non-competitive continuations. (Additional details regarding monitoring and oversight of the program by ECA representatives will be provided at the time the base-year award is made.)
2. Review and evaluate all mandatory quarterly program and financial reports;
 - i. All program and financial reporting requirements must be current and up-to-date before ECA will exercise additional non-competitive continuations.
 - ii. Any/all concerns, issues, or modifications requested by the Grants Officer or Program Officer to the original program design or method of implementation must be responded to in writing.
 - iii. The ECA Grants Officer and Program Officer will review and advise of ECA's approval or disapproval of the response before issuing subsequent non-competitive continuations.
3. Prior Grants Officer approval is required to carry forward an unobligated balance from a prior funding period to the subsequent funding period. If the Grants Officer determines that some or all of the unobligated funds are not necessary to perform the program activity, the Grants Officer may decline the Recipient's request to carry forward the unobligated balance.

The Grants Officer may, at their discretion, use the unobligated balance to reduce or offset future funding for a subsequent funding period. An unobligated balance at the end of a funding period is not sufficient justification to carry forward funds.

A final determination and approval to carry forward any funds will be communicated via a cost amendment with adjustment, if any, to new obligation amounts.

- i. The request to carry forward an unobligated balance must include:
 - a. A brief narrative why funds remain unobligated and how the unobligated funds will be used to complete the previously approved goals and objectives of the program; and,
 - b. A detailed budget that reflects the amount of unobligated funds to date, and anticipated expenditures in the subsequent period of performance for all cost categories under the authorized budget.

D.3o. Allowable Costs: Please refer to section F.2. of this document for information on allowable costs. Please refer to the Solicitation Package for complete budget guidelines and formatting instructions.

D.3p. Application Deadline and Method of Submission:

Application Deadline Date: **Monday, March 12, 2018**

Method of Submission:

Applications may only be submitted electronically through Grants.gov

(<http://www.grants.gov>). Complete solicitation packages are available at Grants.gov in the “Search Grants” portion of the system.

D.3q. Grants.gov Registration, Application Submission, and Receipt Procedures:

Eligible organizations should follow the instructions available in the ‘Get Started’ portion of the site (<http://www.grants.gov/web/grants/applicants/apply-for-grants.html>).

D.3r. How to Register to Apply through Grants.gov: Applicants should read instructions carefully and prepare the information requested before beginning the registration process. Reviewing and assembling the required information before beginning the registration process will alleviate last-minute searches for required information.

The registration process can take up to four weeks to complete. Therefore, registration should be done in sufficient time to ensure it does not impact your ability to meet required application submission deadlines. Applicants should check with appropriate staff within their organizations immediately after reviewing this NOFO to confirm or determine their registration status with Grants.gov. Organization applicants can find complete instructions here: <https://www.grants.gov/web/grants/applicants/organization-registration.html>

D.3s. How to Submit an Application to ECA via Grants.gov: For access to complete instruction on how to apply for Notice of Funding Opportunities on Grants.gov, refer to: <https://www.grants.gov/web/grants/applicants/apply-for-grants.html>

Business Hours: 24 hours a day, 7 days a week; closed on federal holidays

Email: support@grants.gov

D.3u. Timely Receipt Requirements and Proof of Timely Submission: Applicants have until midnight (12:00 a.m.), Washington, DC time of the closing date to ensure that their entire application has been uploaded to the Grants.gov site. There are no exceptions to the above deadline. Applications uploaded to the site after midnight of the application deadline date will be automatically rejected by the Grants.gov system, and will be technically ineligible.

Therefore, we strongly recommend that you not wait until the application deadline to begin the submission process through Grants.gov.

Proof of timely submission is automatically recorded by Grants.gov. An electronic date/time stamp is generated within the system when the application is successfully received by Grants.gov. The applicant AOR will receive an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov with the successful transmission of their application. Applicant AORs will also receive the official date/time stamp and Grants.gov Tracking number in an email serving as proof of their timely submission.

When ECA successfully retrieves the application from Grants.gov and acknowledges the download of submissions, Grants.gov will provide an electronic acknowledgement of receipt of the application to the email address of the applicant with the AOR role. Again, proof of timely submission shall be the official date and time that Grants.gov receives your application.

Applicants using slow internet, such as dial-up connections, should be aware that transmission can take some time before Grants.gov receives your application. Grants.gov will provide either an error or a successfully received transmission in the form of an email sent to the applicant with the AOR role. The Grants.gov Support Center reports that some applicants end the transmission because they think that nothing is occurring during the transmission process. Please be patient and give the system time to process the application.

The Grants.gov website includes extensive information on all phases/aspects of the Grants.gov process, including an extensive section on frequently asked questions, located under the "Applicant FAQs" section of the website. ECA strongly recommends that all potential applicants review thoroughly the Grants.gov website, well in advance of submitting a proposal through the Grants.gov system. ECA will not notify you upon receipt of electronic applications.

PLEASE NOTE: ECA bears no responsibility for applicant timeliness of submission or data errors resulting from transmission or conversion processes for proposals submitted via Grants.gov.

It is the responsibility of all applicants submitting proposals via the Grants.gov web portal to ensure that proposals have been received by Grants.gov in their entirety, and ECA bears no responsibility for data errors resulting from transmission or conversion processes.

D.3v. Intergovernmental Review of Applications: Executive Order 12372 does not apply to this program.

E. Application Review Information:

ECA will review all proposals for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package. All eligible proposals will be reviewed by the program office, as well as the Public Diplomacy section overseas and State Department regional bureaus, where appropriate. Eligible proposals will be subject to compliance with Federal and ECA regulations and guidelines and forwarded to the ECA grant panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. All awards will be assessed for risk prior to their issuance. Final funding decisions are at the discretion of the Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for assistance awards resides with the ECA Grants Officer.

E.1. Review Criteria: Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

1. Quality of Program Plan and Ability to Achieve Program Objectives:

Proposals should exhibit originality and clearly demonstrate how the Institute will meet the objectives laid out in this solicitation. A detailed itinerary and staff work plan should demonstrate substantive undertakings and logistical capacity. Activities should be reasonable, feasible, and form a coherent program for participant exploration of the topic. Competitive proposals will clearly promote ECA's mission: to foster mutual understanding between the

people of the United States and the people of other countries to promote friendly and peaceful relations.

2. **Support of Diversity:** Proposals should demonstrate substantive support of ECA's diversity policy. Proposals should demonstrate how diversity will be achieved in the different aspects of program design and implementation, and how diversity will enhance the program's goals and objectives. It is important that proposals have a clearly articulated diversity plan and not simply express general support for the concept of diversity. Proposals should also indicate how reasonable accommodations for participant needs, including disability accommodations, will be implemented.
3. **Project Evaluation:** As explained in section D.3j. Program Monitoring and Evaluation, proposals should include a plan to evaluate the activity's success, both as the activities unfold and at the end of the program. A draft survey questionnaire or other technique plus description of a methodology to use to link outcomes to original project objectives are recommended.
4. **Cost-effectiveness/Cost-sharing:** The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate. Proposals should maximize cost-sharing through other private sector support, as well as institutional direct funding contributions.
5. **Institutional Track Record/Ability:** Proposals should demonstrate an institutional record of successful exchange programs (past exchange programs need not have been ECA funded). ECA will consider the past performance of prior recipients including responsible fiscal management and full compliance with all reporting requirements for past ECA awards (grants or Cooperative Agreements) as determined by ECA Grants Staff. ECA will consider the demonstrated potential of new applicants. Proposed personnel and institutional resources should be fully qualified to achieve the project's goals.
6. **Follow-on Activities:** Proposals should discuss provisions made for follow-up with returned participants as a means of establishing longer-term individual and institutional linkages. Proposals also should provide a plan for continued follow-on activity (without ECA support) ensuring that ECA supported programs are not isolated events. Please refer to the POGI for additional information on follow-on activities.

F. Federal Award Administration Information:

F.1. Award Notices: Final awards cannot be made until funds have been appropriated by Congress, allocated and committed through internal ECA procedures. Successful

applicants will receive a Federal Assistance Award (FAA) from the ECA Grants Office. The FAA and the original proposal with subsequent modifications (if applicable) shall be the only binding authorizing document between the recipient and the U.S. Government. The FAA will be signed by an authorized Grants Officer, and transmitted to the recipient's responsible officer identified in the application.

Unsuccessful applicants will receive notification of the results of the application review from the ECA program office coordinating this competition.

F.2. Administrative and National Policy Requirements: Terms and Conditions for the Administration of ECA agreements include the following: Office of Management and Budget's Guidance 2 CFR Parts 200 and 600, entitled the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Effective December 26, 2014, replacing the previous circulars).

For a copy of the OMB guidance cited, please contact the U.S. Government Publishing Office or download from the www.ecfr.gov website.

Please reference the following websites for additional information:

<http://www.whitehouse.gov/omb/>
<https://www.state.gov/m/a/ope/index.htm>

F.3. Reporting Requirements: You must provide ECA with an electronic copy of the following required reports:

Mandatory:

1. Additional performance reports shall not be required more frequently than quarterly or, less frequently than annually. Annual reports shall be due 90 calendar days after the grant year; quarterly reports shall be due 30 days after the reporting period. (Frequency of these reports will be determined by the Grants Officer and Program Officer). The complete report and supporting documentation must be uploaded by the Recipient as a *Grant Note* under the corresponding record for this Agreement in GrantSolutions.gov. For assistance, please contact the GrantSolutions Help Desk at 1 (866) 577-0771 (toll free for US callers) or by email at help@grantsolutions.gov. The Federal Financial Report (FFR SF-425/SF-425a) must be submitted through the Payment Management System (PMS). The electronic version of the FFR can be accessed at: <http://www.dpm.psc.gov/>. Once the Department has approved a financial report, the Recipient must upload the approved report to [GrantSolutions.gov](http://Grantsolutions.gov), in the same manner specified for the programmatic reports. Failure to comply with these reporting requirements may jeopardize the Recipient's eligibility for future Agreements.
2. A final program and financial report no more than 90 days after the expiration or termination of the award;

3. A concise, one-page final program report summarizing program outcomes no more than 90 days after the expiration of the award. This report should be e-mailed to: FFATAECA@state.gov. This one-page report will be transmitted to OMB, and be made available to the public via OMB's USAspending.gov website - as part of ECA's Federal Funding Accountability and Transparency Act (FFATA) reporting requirements.
4. Because the Competition will allow for the exercise of non-competitive continuations, applicants must be placed on a mandatory quarterly program and financial reporting cycle. The due dates for these reports will be included in the final assistance award document. The program and financial reports must demonstrate substantial progress by addressing progress towards the original approved goals and objectives, relative activities and events, and supporting fiscal data. The reports will be reviewed by both the assigned Grant Officer and Program Officer.

Award recipients will be required to provide reports analyzing their evaluation findings to ECA in their regular program reports. (Please refer to D.3j. Program Monitoring and Evaluation.)

All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to ECA upon request.

F.4. Program Data Requirements: Award recipients will be required to maintain specific data on program participants and activities in an electronically accessible database format that can be shared with ECA as required. At a minimum, the data must include the following:

1. Name, address, contact information and biographic sketch of all persons who travel internationally on funds provided by the agreement or who benefit from the award funding but do not travel.
2. Itineraries of international and domestic travel, providing dates of travel and cities in which any exchange experiences take place. Final schedules for U.S. activities must be received by the ECA Program Officer at least three work days prior to beginning of the Institutes.
